## LOCAL LANDMARKS

### FAQ's

**What is Local Landmarks?** Cave Creek Local Landmarks is a program which awards destinations in the Town of Cave Creek with a brass plaque in celebration of being part of the Town's heritage. In addition to the brass plaque, to be installed at the destination, is inclusion in an interactive storytelling map. The Local Landmarks recipients are selected by the Town of Cave Creek and funding for the program comes from the Economic Development fund within the Planning Department fiscal year budget.

### How are destinations nominated?

Email your nominations to [LocalLandmarks@CaveCreekAZ.gov](mailto:LocalLandmarks@CaveCreekAZ.gov). It's that simple! Feel welcome to include your reason and a story to accompany the nomination (not required).

### How are destinations selected?

Local Landmark destinations are chosen by the following considerations:

- Is this destination iconic and accessible?** If you proposed meeting someone there, would they know where it is without needing navigation? Iconic destinations are outdoor spaces, local businesses, and places in Cave Creek that stand out!
- Is the community engaged with this destination?** Community-engagement and walkability is at the core of this program. With improved trails underway and focus on the Town Core, this program aims to celebrate the stories, memories, spaces and places that the people of Cave Creek are most proud to share with our visitors.
- Does this destination contribute to the Town's well-being, at large?** Cave Creek is fortunate to have so many community-minded local business owners which give to local charities and contribute, ongoing, to the health and wellness of our community. This program aims to also celebrate the people behind the iconic destinations of Cave Creek, Arizona and spaces which contribute to the town at large.
- Is this destination part of the Town's heritage?** In a world so quickly changing, this program aims to celebrate the places folks in town hope to preserve, for generations to enjoy.

*"Cave Creek's heritage is recognized as one of the Town's greatest strengths, both culturally and economically."*
